

INGMAR BERGMAN

As part of the global celebrations of the centenary of Ingmar Bergman (1918-2007), Triskel Christchurch presents in partnership with the British Film Institute a selection of films from the unique director. Bergman transformed the way people thought about film as an expressive and profound art form rather than as mere entertainment; his great cinematic works of art are deeply personal films that no one else could have made. *Season Ticket Offer: See all four Ingmar Bergman films for €30 full price / €25 with annual membership.*

CINEMA NOTES

It is Academy Award season and we are bringing back a few of our recent hits to give our patrons an opportunity to enjoy them again: *Three Billboards Outside Ebbing, Missouri* and *Loving Vincent* (which has become the biggest box office hit ever to screen at Triskel between previous and pre-sales). We also have three more Academy Award nominated films *Call Me By Your Name*, *Loveless* and *The Shape of Water*.

Each month throughout 2018 Triskel will host a mini-season of films each month: In February we have a season dedicated to HandMade Films, the unique production company from the eighties (and I must confess, this programme is a labour of love that I've wanted to do for years) and a selection of classics from Swedish maestro Ingmar Bergman, including the rarely seen *The Touch* starring Elliott Gould.

We also have +Short Film, a monthly event in which a notable short film plays as support to a main feature which is screening as part of the regular cinema programme.
